

What is A Factory?

During this 45-minute Zoom highlights tour of our galleries, students will connect with a different place and time through a discussion of what a factory is and what working conditions were like during the late 19th century. We consider what a factory might have sounded like as we create a soundscape, and we recreate the setting as we play tableau.

Other information:	N/A

National Museum of Industrial History

The National Museum of Industrial History in Bethlehem, PA, is dedicated to preserving America's rich industrial heritage. Located in a 100-year-old Bethlehem Steel facility on the largest private brownfield in America, the Museum is home to exciting exhibits, engaging programs, and amazing history. We work towards inspiring the next generation of inventors, innovators, and entrepreneurs.

Our mission, in affiliation with the Smithsonian Institution, is to forge a connection between America's industrial past and the innovations of today by educating the public and inspiring the visionaries of tomorrow.
